§14–110.

- (a) (1) Each county shall:
- (i) prepare an Emergency Preparedness Plan for responding to an emergency that involves hazardous materials or controlled hazardous substances, as defined in the Environment Article; and
- (ii) review the Plan annually and submit any changes to the Director so that the Director may maintain current and accurate information about the Plan.
- (2) Each county shall submit its Emergency Preparedness Plan to the Director on or before October 1, 1998.
- (b) (1) A local organization for emergency management shall submit to the Director a radiological emergency response plan if the political subdivision in which the local organization for emergency management is located:
- (i) falls within the plume or ingestion zone of a commercial nuclear reactor; or
- (ii) might reasonably be expected to host evacuees from another jurisdiction in a plume or ingestion zone.
- (2) The radiological emergency response plan shall provide for the evacuation of the residents of the political subdivision as a result of an emergency caused by a dangerous release of radiation.
